# CLASS OF 2027

# ONE CLICK COLLEGE ADMIT

The easy, stress-free way to be admitted to Illinois public universities and community colleges. No fees and no essays! Just complete the Opt-in Form and get ready to receive admission offers next fall!

## How it works:

**OPT IN** Fall of your **JUNIOR** year, your parent/guardian completes the Opt-In form, so you can participate in the program

**MATCH** Your GPA is matched with the GPA admission requirements at partner public universities and community colleges.

**RECEIVE** Fall of your **SENIOR** year, you will receive college admission offers right to your inbox.

**ACCEPT** Accept offers from any university/community college you are interested in attending. **IT'S THAT EASY!**

**Why does my parent/guardian need to complete the Opt-in Form for me?**

*When you opt in to participate in the program, you provide consent for your GPA to be shared with the Illinois Student Assistance Commission (ISAC). ISAC will match your GPA with the GPA admission requirements at partner public universities.*

**What info will the Opt-in form collect?**

- *Student Name*
- *Home Address*
- *Phone No.*
- *Date of Birth*
- *Email Address*
- *High School*

*Optional info: First Generation Status, Race/Ethnicity, and Gender*

**Scan the code for a list of partner public universities and community colleges.**

***Need help? Don't stress. Scan the code or email info@oneclickadmit.org.***

**What do I do after my Opt-in Form is submitted?**

*Create a Common App account here. There is no rush to do this, but you will want to create your Common App account before your senior year so that you can review and accept your admission offers!*

**How do I accept a One Click College Admit admission offer?**

*Indicate your interest by adding the institution to the "My Colleges" section in Common App. After you have decided at which institution you wish to enroll, complete the information for enrollment to the college/university through Common App by the acceptance deadline.*

*August 2025*

*A program by the State of Illinois*
